Hypnosis Show & Empowerment Presentation

(Audiovisual/Technology/Production Requirements)

The audiovisual/technology/production requirements, as stated below, are considered a part of the Engagement Agreement. For engagements which WLE provides production, WLE will provide adequate audio and lighting (when applicable). THE CLIENT shall supply the following staging, electricity, and miscellaneous materials requirements (see attached Stage/Floor Plan):

Staging:

- Stable raised stage area (preferred is 24' x 12' and 3' to 4' high).
- 20 sturdy armless chairs with backs.
- Set of sturdy stairs for audience participants to get on and off the stage.
- 1 6' - 8' banquet table off the stage either right or left

Lighting:

- Adequate space for Wayne to setup his lights when used (see attached diagram).

Electricity:

- 2 separate 110 volt plug ins.

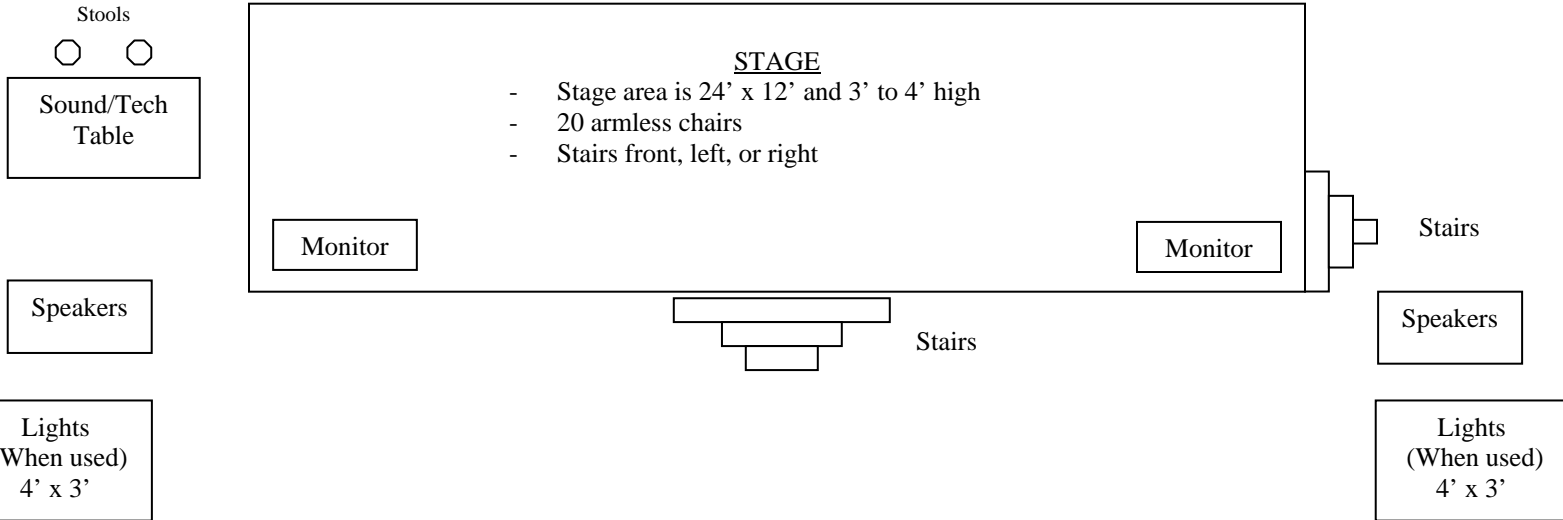

Miscellaneous Materials for Empowerment Presentation Only:

- Pens/pencils for audience participants.

WLE will set up approximately 90 minutes before the engagement time, unless otherwise specified. During this time, a sound and lighting check will take place.

Stage/Floor Plan

Seating Area can be arranged as:

- Cabaret style (tables & chairs)
- Theatre style

Note: It is preferred to have the audience close to the stage (ie. 5' to 10' away)

Lights
When used
6' space required
