

LIVE *the* laughter

a comedic hypnosis show

What does it mean to Live the Laughter? With Wayne Lee it means a rollicking, highly interactive hypnosis show as unique as it is hilarious. It means gut-splitting laughter and improbable scenes acted out by audience members no longer inhibited by their fears.

More than a hypnotist, more than a speaker, Wayne Lee delivers premium entertainment value with a message of empowerment that stays with participants long after the laughter fades.

During Wayne's **Comedic Hypnosis Show**, audiences:

- Witness mind-blowing "walk-around magic" before the performance
- Survive unforgettable, side-splitting laughter
- Dance outrageously, act out their dreams, and even become celebrities!
- Discover the mind's power to focus on achieving their goals
- Break through their fears and inhibitions to fill their lives with joy
- Learn visualization techniques that reduce stress and increase relaxation
- Connect with their colleagues while feeling energized, inspired, and empowered

Even the most jaded cynics will laugh uncontrollably ... and then thank you!
